HSBC SUPPORTS EARLY INTERVENTION CENTRE

HSBC has contributed RO 5,000 towards the newly developed Research Room at the Association for Early Intervention for Children with Special Needs. The Research Room will assist staff in accessing resources required for their Diploma assignments.

Masooma Hameed, Director of the Association said, “We thank HSBC for all their continued support for the Association. The amount presented will help us achieve our goals in developing our special needs training.”

“HSBC is committed to serving the community through a programme of educational and environmental projects,” said Richard Groves, HSBC Oman’s Chief Executive Officer. “We are pleased to support the Association’s research facility, which will provide staff with specialized books and other resources that will enable them to adapt some of the best practices implemented from around the world in serving children with special needs.”
